## **VI. Old Business**

### **a) Election Specialist – Job Description**

The Director presented the board with a copy of the proposed Election Specialist job description (copy attached) and the existing Clerk job description (copy attached). The Director informed the board that the Deputy Director worked in close collaboration with him to help develop this new job description and improve the existing Clerk job description. The Director added that the job description uses generic terms for the election processes and not product or trade names.

The Chair asked if the office would have one or two Election Specialists. The Director and Deputy Director replied that there could be two if both clerks had sufficient experience and skills.

Mr. Frericks asked what was meant by the employee type as Classified. The Deputy Director replied that with the board of election's classifications this type of employee is paid hourly and does receive overtime. Mr. Frericks replied he was concerned it had to do with the civil service classification. The Deputy Director indicated she had an inquiry in to our prosecutor to clarify the correct terminology for the employee classification. Mr. Frericks asked to postpone a vote on the matter until the next meeting in order to have time to further review the material. The Chair postponed the vote until the next meeting.

### **b) Part Time Holiday Pay – list of proposed holidays**

The Deputy Director informed the board that when she was a part time clerk they were paid for every holiday. She added that a prior Director had reduced this to just paying the Christmas Day holiday.

The Deputy Director stated that the intent of the part time position is to provide 5 days of work in a two-week period. If a holiday occurred within those two weeks the part time clerks were given the opportunity to work one of their normal off days in order to make up for the lost time. She added that there is no written policy on this at the present time.

Mr. Frericks asked what was done last year. The Deputy Director replied that we paid the part time staff for Christmas Day and allowed them to make up lost hours within the same pay period for other holidays. Mr. Frericks suggested that we continue the current mode of only paying for Christmas Day and allowing time to be made up for other holidays along with a qualifying period of employment before paying for the Christmas Day holiday.

Mr. Chaffin made a motion to continue the present policy of paying part time clerks for Christmas Day and offering lost holiday time to be made up within the same pay period. Mr. Frericks seconded the motion. The board voted unanimously to accept the motion.

## **VII. New Business**

### **a) Mr. Chaffin – Censure Motion**

The Chair recognized Mr. Gary Risch. Mr. Risch asked about the December 13<sup>th</sup> Meeting where an agenda item was added that was not on the previously published agenda, specifically regarding Mrs. Jackie Smith. Mr. Risch asked a second, follow up question as to why that matter was not discussed in an executive session where personnel issues are normally discussed.

The Chair replied that it was a public meeting and the topic discussed was public business. Mrs. Thomas added that people can inquire as to any topic they choose during a public meeting. Mr. Risch stated that the board might want to reconsider this policy.

Mr. Chaffin requested to remove this item from the agenda.

**VIII. Adjournment**

Mr. Chaffin made a motion to adjourn the meeting. Mrs. Smith seconded the motion. The board voted unanimously to accept the motion. The meeting was adjourned at 4:23 P.M.

222 West Center Street

Marion, Ohio 43302-3646

Phone: 740-223-4090 fax: 740- 223-4099

1/16/2018

Mrs. Jones,

Since your letter of reprimand given to you on June 26<sup>th</sup>, 2017, several incidents have occurred over the past several months that need to be addressed. These issues include, but are not limited to:

- Misinforming local media – Even after coaching regarding giving out information about candidate lists and other critical public information items, you gave an incorrect piece of information to a Marion Star reporter without checking either written sources or the Director or Deputy Director. This happened a second time with a candidate question regarding filings.
- Lost and corrupted data – When you tried to manipulate the poll worker spreadsheet for your own purposes outside the expressed usage of the tool, we almost lost our poll worker data for all Democrat workers. Only through recovery of a three-day old backup, the net loss was three days of updates which entailed many hours of phone calls and letters to recover.
- Misinforming an independent candidate of an incorrect number of signatures required – A customer at the counter wanted information on running for the 86<sup>th</sup> District State Representative as in Independent. Again, without checking existing, established written references (the candidate guidelines spreadsheet we all use), you informed the candidate that only 50 signatures were required, when in reality it was a much higher number. Only because the Deputy Director heard this error was it corrected before the candidate left the office.
- Registrations and NCOA return letters not completed on time and not processed – because you had these time sensitive forms in a pile under your monitor on your desk and not in the established workflow bins, the forms could not be processed before registration closed and voter's rights to vote could have been impacted.
- Provisional ballot organization – We have had to repeatedly coach you on the accuracy of your work. While organizing the provisional ballots for the board approval meeting, several hours of time were lost in correcting errors in work you said was complete and in overseeing and assisting you in making the corrections.

As a result of these issues the Director and Deputy Director discussed your performance with the board. The board suggested this letter be issued in hopes that you will correct and not repeat these types of problems.

Any further issues may result in disciplinary action up to and including termination.

John Meyer, Director

Sue Schwamberger, Deputy Director
